From the Principal

Student Leadership Conference
On Thursday morning I had the pleasure of attending the first session of the Northern Beaches Secondary College, Student Leadership Conference. This year, the conference theme was ‘Leading the Way to Make a Difference…’. The keynote address was delivered by Cr Michael Regan, Mayor of Warringah who spoke on his experiences in leadership positions and what it takes to make a difference. In his address he pointed out to students that they all have particular strengths and abilities and that, as a team with shared responsibility, they can achieve whatever they set out to accomplish. How true this is of our students!

Throughout the day the students participated in additional workshop activities around the theme of appreciative enquiry – working through four phases, discovery, dream, design and destiny. Hopefully, students will be able to implement some of these strategies learned as they move into working with the rest of the Student Representative Council on school improvement programs.

Exceptional Music Achievement
Congratulations to Isabela Lawira-Fernandez who, during the recent school holidays, successfully completed requirements for her AMEB Licentiate Diploma in Music (LMusA) for piano performance. This tertiary level, prestigious Diploma required Isabela to present a 50-minute piano recital and then be tested on her knowledge and analysis of the pieces presented by two examiners. Isabela will receive her LMusA Diploma, in academic dress, at the University of New South Wales Graduation Ceremony early next year. This is a wonderful achievement and one that is richly deserved for the dedication and practice that Isabela commits to.

Bus Travel
I would like to remind all students that free bus travel passes are issued with certain conditions attached. One of those is that students should give up their seats to adults when travelling on public buses. I have had recent reports that students from this school recently failed to give up their seats to elderly passengers who were standing on such a bus service. Apart from being a condition of the free bus pass, this is just a common courtesy that I would expect from students of our school.

The vast majority of Manly students do the right thing each and every day. Remember, the ongoing prodigious reputation that our school has is on display every time you are in public wearing our uniform. Please ensure that the public recognise you for the wonderful young people that you are.

Futures Learning Unit Visit Our School
Through the week, we had a visit from two officers from the Department of Education, Futures Learning Unit. They had requested to visit our...
school following information forwarded to them about our recent refurbishment of the English learning space and the manner in which we have modified staff professional learning to better meet the needs of our students.

During the meeting, we were informed of the Department of Education’s Futures Learning Spaces that have been set up at the Technology Park, Redfern and an invitation was extended for staff from our school to visit there and see how the spaces can be used to transform student learning. This is a wonderful prospect for our staff to experience first-hand best practice teaching in these contemporary spaces. We will certainly take advantage of this opportunity when details are finalised.

From the Deputy Principals

This week Year 12 2016 began their HSC Extension courses and most timetable changes have now been finalised. Students have been encouraged to reflect carefully on their progress in Preliminary courses to decide which courses to study for the HSC. Whilst a few students have already decided on their 10 units, most are studying 11 or 12 units at this stage to keep their options open. If students or parents have any questions or concerns regarding subjects, please talk to your teachers and contact Ms Shannon or Ms Whalan. Remember to also keep a watch out for information about careers and universities. Ms Rixon and Ms Crebar have a range of information available and have also organised a Speaker Workshop every Thursday lunch in Room 209. Next week’s speaker is providing information and advice about studying at an overseas university – see the Careers notice board or Daily Notices for more details.

Year 9 students have a busy couple of weeks with assessments and assignments due prior to the Somerset Camp in Week 5. Remember to incorporate the study skills and resilience strategies you have learnt and to always do your Personal Best, knowing it may change from day to day or week to week! Students are also reminded that a good night’s sleep is much more beneficial than staying up late to study and then being too tired to concentrate the next day.

Special Year 7 congratulations this week go to Jaden Lanceman who gained a prize in the very challenging Australian Mathematics Competition. Well done! Also this week, Year 7 students were fortunate to have the last of their Year 7 vaccinations on Tuesday. Thank you to Ms Munro for her coordination of this worthwhile program.

In preparation for Presentation Night later this term, all students are reminded to submit Merit requests for academic achievements, sporting achievements, leadership activities and school service participation not already recognised throughout the year. We look forward to acknowledging the outstanding achievements of all students at this important annual event.

Cath Whalan
Deputy Principal Years 7, 9, 11

Year 12 students returned this Monday for their first HSC Examination: English Advanced Paper 1. Many students left the exam room feeling pleased with the paper plus happy to have finally started on the last stage of their HSC journey. On behalf of the MSC community, we wish our Year 12 students continued success in their remaining examinations. Each Year 12 student is required to sign out by Friday 6 November. Sign out forms are available from the Front Office and students are required to return any school resources eg textbooks. We would appreciate any school textbooks from previous years also returned. A reminder the Year 12 Graduation will be held at Freshwater Senior Campus on Monday 9 November starting promptly at 4pm. All Year 12 parents, caregivers and family are invited to attend.
At the Year 10 assembly on Thursday information regarding the Year 11 Crossroads program was distributed. Included was information about completing the Medical and Consent forms, transport arrangements and payment. All forms and payment are due to the front office by Friday 4 December. The dates have changed for presenting the Digital Learning Portfolio to Monday 16 November, Tuesday 17 November and Wednesday 18 November AM only. Students are required to register if they are presenting a portfolio. We are still in need of community representatives for the Digital Learning Portfolio. Please contact me if you are available.

Year 8 have a number of exciting incursions to look forward to this week including in elective subjects French, Food Technology and Visual Arts. It is very pleasing to hear about Year 8 and their high achievements in extra-curricular activities: the Debating team is into the quarter finals and also outstanding results were gained in the Australian Mathematics competition. Band Meeting and AGM in band room, Monday 2 November
- The band committee needs the involvement of parents from the Years 7-10 age groups as parents from senior years are moving on (the large majority of the current committee of 20+ members are parents of students in Years 10, 11 & 12).
- Helping with some of the tasks involved in band events is a very rewarding and fun way of being involved in your child’s school, meeting other parents and getting to know your child’s peers.
- Most band committee members are working parents so there is no expectation that you are free mid week. Meet one night per term. Some jobs are very short term and intensive, others require a small weekly input but on a regular basis. There is a role for everyone. To find out more, please ring Sarah on 0400 913 133
